

~~Mr Chairman~~
~~Madame~~ Chair and Committee Members

For the record my name is Ron Trombley.

I am here as a parent representing the Systems of Care, AKA, Po'Ka Ranch in Browning Montana.

I am a single parent of two sons, we live on the Blackfeet Reservation and my boys are involved with the Systems of Care Program.

The program helped my child with his self esteem and behavior problem. The staff and elders help the children with reading and math, they also have horseback riding.

They have the children learning to speak Blackfeet language, learning to play stick game and other culture activities. My son is getting along with other children better.

I feel without the Systems of Care, my child would have failed in school without any alternative, but failure.

In closing, I want to thank you for supporting the youth and ask that you continue supporting the System of Care ~~Bill~~ 65 and 66.

House Bill
